WILLIAM R. WEEKS,
COUNSELLOR AT LAW,
750 BROAD STREET,

Newark, N. J. Dec. 10. 1886.

Daniel M. Fox, Esq.,
(Superintendent,
U. S. Mint.)

Dear Sir:

Under your predecessor, uncirculated Coins were sold to Collectors at their face value, in sets or singly, but not more than two sets to one Collector.

For myself and four other collectors, I was accustomed to send for 10 such sets (as well as from 5 to 7 proof sets), until last Dec., when your office answered my request by saying that "no uncirculated pieces will be distributed from the Mint this year".

How then are we to get them for our Collections? We want uncirculated pieces, as well as proofs, in our collections.

We are none of us dealers and prefer to obtain our pieces from the Mint if possible.

Please send me circular for proofs, and let me know what uncirculated pieces you can let us have.

Yours truly
Wm. R. Weeks.
